same in the future, I am very respectfully,

BERTHA E. ELDREDGE.

Millinery Parlors above G. H. Knouse's store, Biglerville, Pa.

AFRAID HER SON WAS SUICIDE

James Harley Missing from his
Home in Downingtown. His
Mother Fears he was Iron
Springs Suicide.

The suicide of James Harley at Iron
Springs last Wednesday night has
caused anxious hours for Mrs. Sus-
annah Harley of East Downingtown
whose own son, James Harley, has not
been heard from for some months.
Chief of Police Shealer has received
the following letter from the woman:

East Downingtown, Pa., 3-25 1912
Chief of Police
Gettysburg, Pa.

Dear Sir:
I saw in the papers about James
Harley shooting a girl from Iron
Springs and then committing suicide.

I have a son by that name and I do
not know where he is. He is 18
years old and inclosed you will find
his picture.

You would do me the greatest favor
in the world if you were so kind as to
let me know if this James Harley's
parents are living at Iron Springs or
if it could be my poor boy.

I have not heard from him for about
seven months and am worrying sick
about seeing this tragedy in the papers.

Hoping you will let me hear from
you soon so as to put my mind at rest.
I remain

Yours respectfully
Mrs. Susannah Harley.

A letter was at once sent to Mrs. Har-
ley telling her that there was no prob-
ability that her son and the Iron
Springs suicide were the same. Har-
ley had lived in the Iron Springs re-
gion for four or five years and was
well known there so that the suicide
was no wandering stranger. The pic-
ture inclosed in the woman's letter
shows no resemblance to the Iron
Springs youth though it was evidently
taken some years ago. Both boys were
about eighteen or nineteen years of age
and the similarity of name, in addi-
tion to the fact that the East Down-
ingtown boy is lost, gave rise to a most
singular coincidence.

PREDICTS POOR CROPS

The predicted total failure of the
Pennsylvania peach crop for 1912, as
announced several weeks ago by the
State Economic Zoologist, H. A. Sur-
face, is confirmed by the deputy sec-
retary of agriculture, A. L. Martin.
After a tour of the state he adds the
discouraging news that the wheat crop
this year will be no more than 70 per
cent of normal, even if it threshes
that high.

Abnormal weather conditions, which
started last September and which have
continued ever since, coupled with
the Hessian fly, an arch nuisance to
the wheat grower, are assigned by
Martin as the causes for the prospec-
tive deficiency in this year's wheat
crop.

"I am no pessimist," said Martin
Tuesday. "I would like to say that
Pennsylvania will harvest excellent
wheat and peach crops this year, but
it is not true. The peach crop has been
almost totally ruined, and the wheat
crop will be very poor."

Martin's estimate of a 70 per cent
wheat crop embraces central and west-
ern Pennsylvania. He is not so cer-
tain about the southeast.

Very wet weather last September
and October, at seeding time, he ex-
plains, made it difficult to use harrow
and drill on the soil. The Hessian fly
was particularly bad in 1911, and,
therefore, many planters postponed
their seeding until late. Then came
the early cold snaps, which prevented
germination. The last few weeks,
explains the deputy secretary, have
had much thawing by day and freezing
by night, and these weather condi-
tions have not been beneficial. On
top of this have come many high
winds, which have added to the gen-
eral unfavorable conditions.

APPOINTED ASSISTANT

Rev. S. F. Snyder, a student in the
Senior class at the Seminary, has been
appointed as assistant to President
Granville at college. The Rev. Mr.
Snyder is a graduate of college. He
will assist in the canvass for students
and funds and in other ways be of ser-
vice to Dr. Granville. He is a gentle-
man of recognized ability and the fact
that he will remain here will be a
matter of much pleasure to his many
friends in the town.

DON'T forget that the location of
Raymond's Restaurant will be changed
from The First National Bank
building to the Stock building, 13
Chambersburg street, on April 6th.

Gettysburg Supply House will sell
light and heavy harness on Saturday.

THREE buggies and three run
abouts for sale at a big sacrifice, if
sold at once. Adams County Har-
dware Company, Gettysburg.

OFFICERS GET A FUGITIVE

John Woodward, Committed to
State Asylum at Harrisburg by
Local Court, Escapes and is Cap-
tured in Gettysburg.

John Woodward, for some months
an inmate of the county jail and more
recently of the state insane asylum at
Harrisburg, escaped from the latter
institution some weeks ago and was
caught in Gettysburg this morning by
Officers Shealer and Wilson.

Woodward, it will be recalled, had
been placed in the county jail here
for some petty larceny. He was kept
there for some time and showed such
unmistakable signs of insanity that
he was committed to the asylum at
Harrisburg. He was there for some
months when he suddenly disappeared.

Attendants think he either jumped
from a second story window or eluded
their vigilance and just walked out
one of the doors on the first floor. At
any rate he walked to Gettysburg
and stayed for several weeks with re-
latives living near town.

This morning he came into town
and was soon seen by the officers.
Mr. Shealer engaged in conversation
with him and then Mr. Wilson told
him that he was wanted at Harris-
burg. Woodward made an unsuccess-
ful effort to get away and was taken
to the jail pending the arrival of an
officer from the institution.

The man shows a decided improve-
ment in his condition and with furth-
er treatment it is thought he may re-
gain all of his faculties.

MUST SELL GOOD FISH ONLY

Unless fish dealers in Gettysburg
and other towns of the state hereafter
keep their places and stock of fish in
a sanitary manner, they will be prose-
cuted by James Foust, pure food com-
missioner of the state. This action has
been decided upon after a tour of the
state during which Mr. Foust investi-
gated thoroughly the handling of fish
in many cities and towns, and in his
trip he found conditions in the fish
markets much worse than he had
ever imagined they could be.

The pure food commissioner will
give the dealers a few days' time in
which to erect suitable chests for the
storing of their fish and, if at the end
of that time nothing is done, they will
receive a call from one of the agents
of the department.

In a recent ruling of the Dauphin
county court the officials of the pure
food department were informed that
under the law they could make arrests
on warrant where they found food
exposed for sale which was obviously
unfit for human consumption, and that
the food did not have to be analyzed.

Mr. Foust says that the law abso-
lutely requires that all fish offered for
sale shall be packed well in ice and
covered in such a way that no dirt or
insects can get at them, it being un-
lawful for them to be taken out of the
ice until sold, and now he means to en-
force this provision.

Warmer weather is now coming on
and fish decompose very quickly, prob-
ably sooner than anything else, and
within a week past Mr. Foust has per-
sonally received scores of complaints
about the quality of fish purchased at
the markets.

CHILD'S BODY FOUND

The headless body of an infant
child was found in a big hole filled
with water, formerly the ore bank lo-
cated at Upper Holly, above the ice
house. According to the story, on
Tuesday two boys Roland Murray
and his brother were in that vicinity
fishing. Their hook caught on some-
thing and pulling out their line they
found on the hook something tied in
a woman's skirt. They untied the
string and found the headless body
of an infant, white, male child. It is
believed that the body was in the
water for fully a month. One report
has it that the child was about 9
months old.

REV. MR. OTT RETURNED

Rev. L. Dow Ott, for the past three
years pastor of the Methodist churches
at Gettysburg and New Oxford, has
been returned for another year by the
conference in session at Williamsport.
The Orrtanna and Littlestown charges
are to be supplied while the Rev.
Abner C. Logan is returned to the
York Springs charge. Much interest
was manifested here in the action of
the conference and there is much grati-
fication over the result.

The Lecture Course of the Bigl-
erville Library Association will pre-
sent Jeanette Turner Broomell, of
Philadelphia, reader and personator as
their next attraction. Thomas Bros.
Hall, Biglerville. Reserved seats 40
cents. General admission 25 cents.
Chart opens Saturday March 30.

READ the Gettysburg Supply
House sale advertisement on another
page.

NEW ADDITION FOR FACTORY

Reaser Furniture Company to Build
Large Addition Adjoining Present
Factory on the West. Five Year
Contract Closed.

An addition to the factory of the
Reaser Furniture Company adjoining
its present plant will be started in the
very near future, the new portion to
extend fifty feet westward across Third
Street, now closed, and the entire
width of the present buildings, mak-
ing an addition of 50 x 100 feet. This
will be built immediately adjoining
the present factory and will connect
with it.

The new addition will be used for
cabinet and mill room work and will
relieve the present congestion. This
morning the first stone was hauled for
the new factory of the Gettysburg
Furniture Company on the other side
of the railroad and operations there
will be started in a few days.

The building activity at the east
end establishments is all the more
significant in view of a contract which
has just been closed with L. J. Dorson
and Wm. Berdine, of New York City,
two prominent sales agents, who have
agreed to handle the entire output of
both factories for a period of five
years. The men will sell the entire
product up to \$250,000 at each plant
every year. Last year the output of
the Reaser plant amounted to about
\$210,000.

These two men will represent the
companies and do away with a force
of about fifteen salesmen which would
otherwise be necessary. They are
experts in their line and the success
of the plants is assured under their
work. The goods will be shipped all
over the country.

THREE TOWNS TO PROTEST

Within the next ten days or two
weeks the boards of trade of both
Gettysburg and Carlisle will meet
with the advisory board of the Harris-
burg civic clearing house and the
boards of municipal affairs of the Har-
risburg Board of Trade to confer upon
the question of protesting against the
increased fares on the Philadelphia
and Reading railroad.

The date has not been definitely
fixed, but it is understood that the time
will be set within a few days. In
the meantime the various organizations
interested will collect all the data
possible on the subject.

Harrisburg's civic organizations
have protested formally against the ac-
tion of the railroad company in in-
creasing the rates and all that Harris-
burg is now awaiting is some definite
action on the part of the "down the
valley" towns.

The Civic Clearing House Monday
evening took emphatic action with re-
ference to the high rates and adopted
resolutions vigorously protesting
against the increase, and recommend-
ing that the advisory board promptly
take what ever steps it considered ad-
visable to have the company reconsid-
er its decision.

AUGUSTUS DUNCAN

Augustus Duncan died at 7 30 Tues-
day evening in the Chambersburg
hospital aged 84 years.

He was born in Cashtown, a son of
Adam and Mary Duncan, and is the
last of that family, both of his broth-
ers, William A., and Calvin Duncan,
being dead. For the past twenty years
Mr. Duncan had been living retired
at his home, Cold Brook, near Cham-
bersburg.

Funeral from his home Sunday
afternoon at 2.30.

NOTED SINGER HERE

William R. Andrews, the noted
Scottish singer spent Tuesday on the
battlefield.

The Rev. Mr. Andrews returned to
Waynesboro in the evening, where he
will await a cablegram from his
native city of Glasgow, Scotland, and
will probably leave Waynesboro, direct
for Scotland in a few days.

BEST PRICE FOR HORSE

The best price for a horse received
in the county this year is reported from
the sale of L. E. Hershey, Seven
Stars, where one horse brought \$281.
Cattle sold well. The total amount
of the sale was \$925. J. M. Caldwell
called the sale and L. S. Orner was
the clerk.

ATTRACTIVE BOOKLET

The proceedings of the 1911 conven-
tion of the Fruit Growers' Association
of Adams County is at hand in the
form of an attractive booklet, illustrat-
ed and well edited. It is a credit to
the local association and should prove
of much value to all engaged in the
business of horticulture.

THE Spring term of Bethany school
will open Monday, April 1. A begin-
ner's class will be started at that time.

PERSONAL NOTES AND BRIEF ITEMS

Paragraphs of News Telling of the
Happenings in and about Town.
People Visiting here and those
Sojourning Elsewhere.

Col. John P. Nicholson, of Phila-
delphia, is spending several days in
Gettysburg.

John D. Keith, Esq., spent Tuesday
in Harrisburg.

Mrs. W. A. Granville and Miss
Irene Granville left on Tuesday for a
month's trip which will include
Chicago, Milwaukee, Lindsburg and
Wichita.

Charles S. Duncan, Esq., spent the
day in Chambersburg, having been called
there by the death of his uncle,
Augustus Duncan.

Miss Mary Kohler has returned to
her home on Carlisle street after a
visit of several days in Harrisburg.

Miss Sue Phillips has resumed her
visit at the home of Misses Louise and
Katharine Duncan after spending sev-
eral days in Waynesboro.

A large increase in automobile tour-
ist traffic through Gettysburg is ex-
pected during the next few weeks follow-
ing the arrival of good weather.

Flower growing Gettysburgians re-
port their crocuses and snow drops in
bloom for some days while other bulbs
are advancing rapidly and the usual
pretty displays may be looked for.

The college base ball team has out-
door practice these days in preparation
for their early games. There is much
good material on hand and more is ex-
pected after the Easter vacation which
extends from the middle of next week
for six days.

Federal building operations are ex-
pected to go forward rapidly now. The
new marble is attracting much atten-
tion. Its being a Pennsylvania prod-
uct adds interest.

The churches of town will observe
Holy Week in the usual manner, the
only new feature of the week here
being the cantata by the Chautauqua
Chorus.

Now Waynesboro has entered the
list of those wanting a chautauqua.
Mechanicsburg and Hanover are in
the thick of the agitation. Here again
Gettysburg has led the neighboring
towns.

Farmers report the back roads in ter-
rible condition and at some places they
are almost impassable. Rural mail
carriers meet all sorts of delays as a
result.

The Gettysburg Gas Company has a
force of men laying new mains on
the north end of Carlisle street, im-
proving their service considerably in
that portion of town.

Active operations on the new Sedg-
wick monument near Round Top may
be expected during the Spring and by
the middle of the Summer the complet-
ed memorial will grace that section of
the field.

Milliners and merchants report busy
days with spring and summer wear-
ing apparel for the ladies. There are
a number of attractive displays in the
town shops.

The promise of State Highway
Commissioner Bigelow for an early
completion of the Sprout road between
Harrisburg and Gettysburg will be
watched with much interest here.
The road is to be completed before
the fiftieth battle anniversary. Up
to this time no bids have been asked
for its construction.

The Memorial Day excursions to
Gettysburg this year are expected to
cover a much wider scope of territory
than for some years. New York will
be included by the Reading in its ar-
rangements for bringing the people
to this place.

"Grimes' Cellar Door" which has
appeared here twice will again play
in the Wizard Theatre some time in
April. Local playgoers will remember
the show.

Flittings in town and county are
frequent sights and many changes of
residence will be made in the annual
shake-up. Houses are reported as very
scarce. A number of home seekers
have applied at this office for vacant
houses or flats.

Y. W. C. T. U. MEETING

Y. W. C. T. U. will meet at the
home of Mrs. Stevenson, at the Pitzer
House on Thursday evening at seven
o'clock.

Miss Anna Reck announces her
second opening on Friday and Sat-
urday, March 29th and 30th. We will
show a fine copied from the newest
French patterns. You are cordially in-
vited to call and inspect.

FOR SALE cheap, one bicycle. Ap-
ply J. A. Kepner, Confederate avenue,
Gettysburg.

FOR SALE: fine large three year
old colt, good stock and good worker.
Albert Hollinger.

SEEDED raisins 8 cents a pack at
Mills' store.

LETTERS FROM COUNTY TOWNS

Correspondents send in Many Items
of Interesting News from their
Respective Towns. Personals
and Many Brief Items.

ARENDTSTVILLE

Arendtville, Mar. 27.—Aaron Freed,
of Franklin township, near this place,
sold his property to Robert Cullison
of the same township, about 30 acres,
for \$1250.

Roy Raffensperger moved from the
home of his mother, Mrs. Lizzie J.
Raffensperger, in this place, to his new
house he built near the Clear Springs
School House in Butler township.

Joseph E. Wierman moved from the
Mrs. O. G. Baughman house to the new
one on Pearl street he purchased from
Pius S. Orner.

Daniel M. Pottorff moved from this
place to Gettysburg where he will en-
gage in butchering.

Melvin Warren bought a good young
driving horse recently.

Miss Amy Lerew is visiting in the
home of Mrs. Augustus Lerew in this
place.

Ephraim Sheely is visiting his son,
Dr. C. A. Sheely in Harrisburg.

J. W. Piper, of York, was a recent
guest among relatives in this place.

Owing to the several snows and
heavy rains that fell during the last
four weeks the ground is too wet for
ploughing, oats sowing and garden
making.

IDAVILLE

Idaville, Mar. 27.—Preaching ser-
vices will be held in the United Breth-
ren church Saturday evening by the
pastor, Rev. L. H. Eckart.

Donald Smith, of Susquehanna
University, Selingsgrove, is spending
his Easter vacation with his parents,
Rev. and Mrs. S. E. Smith.

Mrs. D. P. Schaeffer left on Thurs-
day for Mason and Dixon where she
will make her future home.

Morris Richwine, of York, is spend-
ing some time with friends in this
place.

Mrs. Ida Beamer, of Ringgold,
Texas, and Mrs. Rosie Nebinger and
daughter, Ida, of Steelton, were recent
visitors at the home of Andrew Orner.

The public school closed in this
place on Monday.

OVER NIGHT

"Over Night," the roaring comedy
that actually took Boston by storm the
past summer and tested the capacity
of the Hackett Theatre and the Play-
house, New York, for nine long
months will be the attraction at the
New Colonial Theatre, Hanover,
Thursday. The phenomenal business
being done on its present tour is the
best possible argument as to the merits
of the show itself. Created for laugh-
ing purposes only, it certainly fulfills
its mission and furnishes unlimited
fun for the audience. Anyone who has
a grouch will surely get rid of it by
seeing "Over Night" for it has a
laugh worth while in every line.

MRS. REUBEN CRUM

Mrs. Caroline Crum, widow of Reu-
ben Crum died of apoplexy at her
home in Benderville, Tuesday even-
ing at 9 o'clock, aged 70 years, 1 month
and 18 days. She is survived by the
following children: Elmer Crum, of
Idaville; Harry Crum of Ashland;
Mrs. Annie Wolf and Mrs. Sue Heiges,
of Carlisle; Mrs. Judith Stronan, of
York; Alice, Mary and Reuben at home.

Funeral services at Mt. Tabor
United Brethren church, Friday morn-
ing at ten o'clock. Interment at Mt.
Tabor cemetery.

SCHOOL REPORT

The following is the report of
Round Top school, Straban township,
which closed Monday, March 25.
Number of pupils enrolled at begin-
ning of term, males 16, females 14,
total 30; number enrolled at close of
term, males 14; females 11; total 25;
average attendance for term, males 10;
females 11; total 21; per cent. of
attendance, males 82; females 87;
total 85. The pupils who were present
every day are Cathryn Redding and
Marion Redding.

SHANK-LAWVER

Webster D. Shank, of York Springs
and Miss Tillie Lawver, of Idaville,
were married on Tuesday at Carlisle
by Rev. J. P. Koonz.

TAFT FACTION WINS IN INDIANA FIGHT

Sends Four Delegates For
President to Chicago.

Indianapolis, Ind., March 27.—In one of the most turbulent and uproarious conventions held in this state in many years Indiana Republicans adopted resolutions instructing the four delegates-at-large to the national convention to vote for the renomination of President Taft.

The convention, delayed because of the bitter fights before the credentials committee, opened with a din that increased as the session progressed with counter choruses of shouts for "Teddy" and for "Taft." But the Taft delegates were in a majority of 105 and put through their program.

The four delegates-at-large elected to go to the Chicago convention were Harry S. New, national committeeman and leader of the Taft forces in the state; former Vice President Fairbanks, James E. Watson and Joseph D. Oliver.

To pave the way to carry the fight to Chicago, the Roosevelt delegates held a separate convention in the rear of the hall upon the adjournment of the regular convention and elected as delegates-at-large former Senator A. J. Beveridge, Fred Landis, Edwin M. Lee and Charles H. Campbell. Lee has been the leader of the Roosevelt forces in the present fight in the state.

TAFT CLAIMS NEW YORK

Allows Roosevelt Only Seven Delegates From That State.

Washington, March 27.—Taft headquarters issued a statement claiming at least seven-nine of the New York state delegates, exclusive of the delegates-at-large. This allowed Roosevelt only seven delegates from that state.

The Taft party after hearing from New York state gave the president's total number of delegates as 242, as compared with 24 for Roosevelt. With the delegates-at-large from New York the Taft total will be swelled to 246.

HOPES TAFT WILL WIN

Wiley Is Grateful to President Taft For Support When Chief Chemist. Cincinnati, O., March 27.—President Taft is the one man who stood between me and destruction at Washington. When efforts were being made to assassinate me Taft proved my only protector. He stood by me and I am grateful to him. I hope he will be re-elected president.

This statement was made by Dr. Harvey W. Wiley, the distinguished food expert, who recently resigned as chief chemist of the United States department of agriculture. He arrived in Cincinnati from Washington to lecture in the "Men of the Hour" series in Emory Auditorium.

TEN PACKERS NOT GUILTY

The Jury Frees All the Accused Men.

VERDICT JARS PROSECUTOR

Millionaire Meat Men, Tried For Criminal Violation of the Sherman Law, Are Acquitted.

Chicago, March 27.—"Not guilty!" was the verdict which the jury returned in the trial of the ten Chicago packers accused by the government of violation of the criminal sections of the Sherman anti-trust act.

The verdict was returned before United States Judge Carpenter, after the jury had deliberated over nineteen hours.

The ten defendants accused by the government and acquitted are: Swift group: Louis F. Swift, president of Swift & Co.; Edward F. Swift, vice president of Swift & Co.; Charles H. Swift, director of Swift & Co.; Francis A. Fowler, manager dressed beef department Swift & Co.

Armour group: J. Ogden Armour, president Armour & Co.; Arthur Meeker, director and general manager Armour & Co.; Thomas J. Connors, director and general superintendent Armour & Co.

Morris group: Edward Morris, president Morris & Co.; Louis H. Heyman, manager beef department Morris & Co.; Edwin Tilden, president of the National Packing company.

The verdict came as a surprise to many who had been watching the case, and had feared that the nine-hour wait meant a long drawn battle in the jury room.

The verdict was handed to the clerk of the court by J. T. Harvey, the foreman of the jury. It read: "We, the jury, find the defendants not guilty."

United States District Attorney James H. Wilgerson was deeply affected by the verdict. He jumped to his feet as the words sounded through the court room and tears filled his eyes. "I have nothing to say," was his only comment as he walked from the court room. The court session occupied less than ten minutes.

Three ballots were taken by the jury. The first ballot resulted 8 for acquittal and 4 for conviction. The second ballot showed 11 for acquittal and 1 for conviction. The third ballot was unanimous for acquittal.

The verdict ends a fight of nine years by the government against the beef trust. It is the second complete victory for the packers, the first having come five years ago, when Judge Humphrey gave the beef barons his famous "immunity" bath.

W. J. Thomas, of Ottawa, one of the jurors, was of the opinion that the government could have strengthened its case by avoiding figures. "I am certain I did not grasp the complicated mass of figures, and I do not believe any of the jurors did. I doubt if any man could have understood all the contents of those many records."

After the announcement of the verdict in the packers' trial provisions advanced all around. The rise was 15 cents for pork and bacon and 7 1/2 to 19 cents for lard.

The addition to the cost of packing house products was attributed to "change to active covering by shorts and to sympathy with a bulge in the price of corn."

Swift & Co. shares advanced 2 1/2 points on the Chicago Stock Exchange an hour before the verdict. After the jury had come in a further jump upward occurred, making a total advance of six points.

AFTER POLE, JAPS FAILED

Saw the Fram, Amundsen's Ship, But Did Not Meet Captain Scott.

London, March 27.—The captain of the Japanese vessel Kainan Maru, on board of which Lieutenant Shirashi sailed on his South Pole expedition, interviewed at Wellington, New Zealand, states that when he left Sydney on Nov. 19 last he proceeded direct to Whales Inlet, landed a portion of his party and proceeded southward, where he met Amundsen's vessel, the Fram.

The Kainan Maru then proceeded to King Edward Land and landed a coast exploring party. Still voyaging southward, the Kainan Maru explored an unknown part of the sea, and on returning picked up her exploring parties, all safe and sound.

The expedition has collected valuable specimens and facts, but these will be left secret until the party reaches Japan in June.

The farthest point of south latitude reached by the expedition was 89.5 degrees.

Denies Asking to See Hanging. Altoona, Pa., March 27.—John Davis, a Pennsylvania railroad clerk, said that he had no desire to witness the hanging of Andrew Tanganielli at Hartford, Conn., on Friday for the murder of Mrs. Davis, and had never written asking the privilege. Davis and his wife were separated and she was living in New Haven when murdered.

Chose Poverty In Religion. National Park, N. J., March 27.—George Hanners gave up a position paying \$5000 a year to accept a local pastorate at an annual salary of \$500.

W. H. DINKLE, GRADUATE OF OPTICS will be at Penrose Myers' Jewellery Store, every Tuesday. Free examination of the eyes.

AN experienced man clerk wanted, general store, local town. Give references, experience and salary. Address Lock Box 321, Times office.

FEDERALS TURN TABLES

Mexican Forces, Reinforced, Give Battle to Rebels.

Jimenez, Chihuahua, Mex., March 27.—Having driven the federal command of Generals Gonzales Salas and Blanquet back south towards Torreon, after Blanquet had been wounded and with Salas committing suicide after his defeat, the rebels hold the territory where the fighting occurred and are now fighting a new force of federalists near Jimenez, under command of Generals Trucey, Aubert, Pancho Villa and Tomas Urbina.

The federal rout was complete for the time, but the rebels are now fighting a new band of federalists and reinforced by General Tellez and his command. The defeated federalists are expected to rally and return to the fray, thus making it a general engagement and a decisive battle. The fighting is not considered by any means, but the advantage is slightly with the rebels.

When fighting stopped below Cuernavaca the federalists fell back near Escalon. The fatalities were smaller than reported, according to the best information. The federalists lost in dead, wounded and captured more than 350, and the rebels about 100.

ENGINEERS TO VOTE ON STRIKE ISSUE

Will Decide if Wage Demand be Pushed to Limit.

New York, March 27.—Fifty representatives of the Brotherhood of Locomotive Engineers, headed by Warren S. Stone, grand chief, voted here to submit to a so-called strike vote the question of increase and standardization of wages as refused by the eastern railroads.

It will require several days to distribute the ballots among the engineers, and April 10 has been set as the date for making public in New York the result.

Grand Chief Stone would not predict even a personal opinion as to the outcome of the strike vote.

Chief Stone was told that it had been reported that if the railroads could show that they could not financially meet the demands for increased wages, that both sides would join in an attempt to increase freight rates.

"I believe," replied Chief Stone, "that the American people need a severe object lesson to convince them that some of these railroads must have increased rates. We have maintained all along that increased freight rates are necessary."

If the necessary two-thirds majority is cast in favor of a strike, it was said arbitration under the Erdman act would likely be resorted to before the walk-out order goes into effect.

WON'T DROP CONVICT

Presbytery Tables Resignation of Rev. W. D. McFarland.

Pittsburgh, Pa., March 27.—The Monongahela Presbytery of the United Presbyterian church tabled the resignation of Rev. W. D. McFarland, recently convicted of causing the death of Miss Elsie D. Coe, his stenographer, while he was principal of the Central High school, before he went to Tennessee as a mission worker for the church.

In asking that his name be taken from the rolls, Dr. McFarland said that he did not want to see any light on the presbytery to which he belonged.

The reading of his letter was followed by a long discussion, it being decided finally that the presbytery could not drop his name, as it might hurt his case when it came up in court again on a motion for a new trial.

Burns \$1000 In Spite.

Richmond, Mich., March 27.—Albert Fetting, a farmer, committed suicide after he had drawn his savings, \$1000, from a bank and had burned the money. Fetting had sued his wife unsuccessfully for divorce and burned the money for fear she might get it.

Taft Gets Two More In Michigan.

Detroit, Mich., March 27.—At the Twelfth Michigan congressional district convention two delegates were chosen and instructed to cast their votes for President Taft. This makes the Michigan count six for Taft, none for Roosevelt.

2 registered Berkshire sows Nellie Berk No. 119525 with pigs by her side, No. 2 Berkshire sow due to farrow in April.

175 chickens and guineas, anybody wishing a fine lot of Plymouth Rocks don't fail to see them sold as they are all young chickens.

ROYAL

Baking Powder

ABSOLUTELY PURE

Makes delicious home-baked foods of maximum quality at minimum cost. Makes home baking a pleasure.

The only Baking Powder made from Royal Grape Cream of Tartar

No Alum—No Lime Phosphates

At the southern corn show, which was held recently at Atlanta, Ga., the first prize for yield in the boys and girls' corn growing clubs was awarded to a Miss Hyman of Raymond, Covington county, Ga., who is credited with having grown an average yield of 133 bushels per acre. The next best yield was secured by a boy who reported 130 bushels per acre.

Modern business inflicts much injustice at times upon those less favorably situated in the economic scale and is also responsible for the practice of much dishonesty of one kind and another, but it has also had some most wholesome influences. Among these is a great curbing of the drinking of intoxicating liquors among practically all railway employees and the workers in many other industries where employers insist on efficiency and sobriety. Many of these same companies have entirely forbidden the use of cigarettes by employees while on duty simply because they take from a man's mental alertness and power of concentration.

The chief causes of loss in the operation of many a farm dairy are two—failure to apply the Babcock test for quantity and quality of milk to ascertain which cows are really paying for the keep or making a profit and, secondly, failure to adjust the grain ration of the cows to the amount of milk that they are giving. With cows giving milk containing about 3 per cent of butter fat a good rule is to feed three pounds of grain daily for each five pounds of milk produced. From this it will be seen that in many a dairy herd cows may be fed either more or less grain than they ought to get in both instances to a loss and disadvantage.

Public Sale

Thursday, March 28, '12

The undersigned having sold his farm, will sell at public sale at his residence in Strabon township, along the Hunters-town road 2 1/2 miles from Gettysburg and 3 miles from Huntersville, the following:

Bay horse coming five years old, good worker and fine driver, fearless of all road objects.

TAFT URGES CUT IN COTTON DUTY

Upholds Tariff Board in Presenting Report.

DISTRIBUTION IS EXPENSIVE ENTIRE PLANT WRECKED

The President Points Out Higher Cost to the Consumer Despite Equal Factory Costs.

Washington, March 27. — President Taft transmitted to congress the tariff board's report on the cotton schedule, with the recommendation that this section of the tariff law be taken up with a view to revision and reductions in the rates of duty.

He advises congress that the board's investigations have shown that the duties on some cotton yarns is two and three times in excess of the difference between cost of production in the United States and abroad. The duties imposed because of finishing processes are in excess of the difference in the extra cost due to finishing and are often in excess of the total domestic cost of finishing.

Prices paid by consumers in the United States are higher than abroad, even when prices received by manufacturers in both places are the same. This is said to be due to the higher cost of distribution here. Plain cloths are as cheap here as anywhere, but on fancy fabrics the duties are in excess of the difference in cost, and in many cases the duties are greater than the conversion costs in the mills of the United States.

The report of the board shows the difficulty of stating in general terms differences in costs of production for a great variety of cotton manufactures," the president wrote. "The differences vary widely according to the character of the particular fabric."

The report shows that the cost of spinning cotton yarn in this country is greater than in the leading competing country. In the case of ordinary warp and filling yarns, forming the bulk of the production of the domestic industry, the foreign cost of turning cotton into yarn is shown to be about 70 per cent of the domestic cost.

"The duty on these yarns is two or three times in excess of the difference in cost of production. On some highly specialized yarns and on yarns of the highest count—that is of greatest fineness—the duty in some cases about equalizes the difference in conversion costs. In many cases, however, on the higher grades of yarn, which are produced in this country, the duty is in excess of the difference in the cost of production, though by a much less amount than in the case of ordinary warp and filling yarns."

"The difference in the cost of weaving yarns into cloth as between this country and its chief competitor varies according to the character of the fabric. In the case of many cloths of plain weave, the American cost of weaving seems to be lower than the foreign cost, due to the greater number of looms tended per weaver in this country. This reduces the labor cost per yard despite the higher earnings of the American weaver. In proportion, however, as the fabric becomes more complicated (and therefore permits of fewer looms per weaver) the American cost of production increases. In the case of most fancy fabrics of complicated weave the cost of weaving is higher in this country, but on such fabrics the present duties are in excess of any difference in cost, and in many cases are in excess of the total conversion costs in this country."

In the case of raw material, the board reports, there is practically no advantage possessed by either country. Comparing all the yarns selected by the board as samples, the English labor cost was found to be on an average practically seven-eighths of the American in two mills selected.

The report gives some figures showing the difference in cost of cotton fabric at the mill and the cost to the consumer. Cloth sold at the mill at 8 or 9 cents a yard reaches the consumer at 15 cents. Some examples are given.

"In 1908 a quilt sold at the mill for 62 1/2 cents was sold to the customer at \$1. In 1910 the mill increased the price to 75 cents and the price to the consumer went up to \$1.50."

The board argues, however, that in some cases a reduction in the mill price might have no reduction for the consumer. A study of comparative statistics seems to show that the English consumer buys cheaper because there is less profit between the mill man and the retailer.

Prison For Suffragettes. London, March 27.—A special sitting of the county of London sessions opened for the trial of 126 women who had been committed for trial by the police court magistrates in connection with the window smashing raids on London on March 1 and 4. Judge Robert Wallace sentenced a succession of suffragettes to terms ranging from four to six months' imprisonment.

Pope to Take Long Rest. Rome, March 27.—The condition of Pope Pius is practically unchanged. It is now expected that the suspension of the general audiences of the pontiff will be extended until after Easter, so as to give him a thorough rest.

Wife Sees Aviator Killed. Dusseldorf, Germany, March 27.—The German aviator Klein, while making a flight from a height of 300 feet and was killed. The aviator's wife and child witnessed the accident, the cause of which is not yet known.

Carries Gun in Stocking. Los Angeles, Cal., March 27.—"I was looking for a man who had insulted me," was the excuse offered in the police court by Mrs. N. E. Walton when she was asked to explain her reason for carrying a revolver in her stocking.

Negro Murderer Is Hanged. Somerset, Pa., March 27.—Henry Brent, a negro, was hanged in the county jail here for the murder of Charles Lanzley at Zimmerman, Pa., 26, 1911. Brent said he was drunk and drugged and knew nothing of the crime.

Fr. Mary Walker Better. New York, March 27.—It was stated at the home of Mrs. Van Slingerland that Dr. Mary Walker's condition had shown a decided improvement during the day and she had taken substantial nourishment.

Makes Altitude Record. Paris, March 27.—A new world's altitude record for an aeroplane carrying three persons was made near here by Aviator Chartres, who, flying with two passengers, ascended 7178 feet.

5 DEAD, 3 HURT IN EXPLOSION

Boiler in Saw Mill Near Salisbury, Md., Blows Up.

Salisbury, Md., March 27.—Four men were instantly killed, another wounded so badly that he died a few hours later, and two others are in the hospital in this city, in such a critical condition that they are not expected to live, as a result of an explosion of a boiler in a saw mill, about two miles from Hebron, Md.

Those instantly killed were: Hermus L. Hearn, proprietor of the mill. W. Dow Mills, on whose property the mill was situated. Irving Kennefey, engineer. Frank Mollock, a colored man. Wesley Waller, also colored, died later from his injuries.

Those seriously injured were: Robert H. West, a farmer residing near the mill, injured about the face and head by flying debris. Robert Mollock, a son of Frank Mollock, one of the men killed. Grover Mills, son of W. Dow Mills, one of the men killed, scalded and badly bruised.

One of the most remarkable incidents of the explosion was that William Bailey was standing only a few feet from Mr. Mills, who was instantly killed, but escaped without a scratch.

The explosion occurred while the men were waiting for steam to begin their work, and is unaccountable, unless, as Mr. Bailey suggests, that the gauge was clogged so that it showed water in the boiler when it was empty. There is not enough machinery left of the mill to determine just what was the cause.

So soon as the news reached Delmar, Del., and Salisbury physicians were rushed to the scene in automobiles. The injured were brought to the Peninsula General hospital, where their wounds were dressed temporarily.

The dead bodies were taken to their homes. Some of the bodies were beyond recognition, two having their heads blown almost completely off.

The mill is a complete wreck, the boiler being blown fully a hundred feet from its original foundation, and parts of machinery are lying over the entire woods, while the wood part has been reduced to kindling. The shock could be heard for ten miles around.

MINE TIMBERMEN STRIKE

Forty Employees Quit Work at Shaft Near Pottsville, Pa.

Pottsville, Pa., March 27.—Forty timbermen at the Hammond colliery of the Philadelphia & Reading Coal and Iron company went on a strike because the officials endeavored to compel the use of safety lamps with out giving them additional pay which they said they were entitled to when forced to use this style of lamp.

The various collieries have been making a canvass of their employees in an endeavor to find how many they can depend upon to work in the event of a strike. They are finding a large percentage who claim to be willing to work, but this is explained by the union leaders as simply an endeavor by them to remain on good terms with the bosses in the event of a strike being averted.

About the various collieries preparations are being made to house a force of colliery guards, as during former strikes.

LOWELL MILLS CLOSE

Six Plants, Employing 15,000, Shut Down Because of Strike.

Lowell, Mass., March 27.—Nearly 15,000 operatives in the six cotton cloth manufacturing plants of Lowell will be idle until the existing differences over the wage schedule involving 3500 strikers is adjusted.

Orders were received by the agents of the mills involved from the head offices in Boston to close all the establishments until further notice.

All of the mills represented in the Lowell Manufacturers' association, with the exception of the hosiery plant of the Lawrence Manufacturing company, were at once shut down.

According to Mr. Trautman the industrial workers will not confine their operations to Lowell, but are endeavoring to induce cotton manufacturers in other New England centers to grant higher wages.

FOR NATIONAL DELEGATE

Harry E. Riddlemeyer, of Franklin Township. Subject to decision of Democratic Primaries.

FOR STATE SENATE

MRS. MABEL V. D. BELL.
Kentucky Woman Makes Good as a Federal Commissioner.

76 MEN BURIED IN MINE EXPLOSION

Eleven Rescued and Six Dead Taken From Shaft.

Welch, W. Va., March 27.—An explosion in the mine of the Jed Coal and Coke company, at Jed, six miles south of here, imprisoned ninety-three men.

Eleven miners have been taken out alive and six dead. Rescuing parties are making frantic efforts to reach the other miners. They have located the bodies of fifteen others. It is believed the death list will reach eighty two.

The explosion is believed to have been caused by gas. Government rescuing men believe that few of those remaining in the mine are now alive.

The Jed mine is 150 feet deep, and is located at Jed, six miles south of Welch, in McDowell county. It is owned by the Jed Coal and Coke company, of which William Leckie is general manager. The mines is on the Gary branch of the Norfolk & Western railroad.

Eight Men Hurt in Powder Explosion.

Bluefield, W. Va., March 27.—A powder explosion in the mines of the Thomas Coal company, at McComas, near here, resulted in the injury of eight men, four of them seriously but not fatally. The men were entering the mine carrying cans of powder, when a torch set fire to the bag in which they were carried.

LOWELL MILLS CLOSE

Six Plants, Employing 15,000, Shut Down Because of Strike.

Lowell, Mass., March 27.—Nearly 15,000 operatives in the six cotton cloth manufacturing plants of Lowell will be idle until the existing differences over the wage schedule involving 3500 strikers is adjusted.

Orders were received by the agents of the mills involved from the head offices in Boston to close all the establishments until further notice.

All of the mills represented in the Lowell Manufacturers' association, with the exception of the hosiery plant of the Lawrence Manufacturing company, were at once shut down.

According to Mr. Trautman the industrial workers will not confine their operations to Lowell, but are endeavoring to induce cotton manufacturers in other New England centers to grant higher wages.

The Corset for the Season

HENDERSON Fashion Form Corsets

THERE is a marked difference between this season's corset and the models of previous seasons. If you will try to wear a former season's corset with a new dress you will instantly see the difference.

This general change is very noticeable in HENDERSON CORSETS.

The new HENDERSON models are styled and constructed to bring out every detail of the important fashion changes that distinguish this season's modes. When you wear the right HENDERSON CORSET—the model that has been individually designed for your figure—your contour will show the stylish, natural effect which is now the correct fashion.

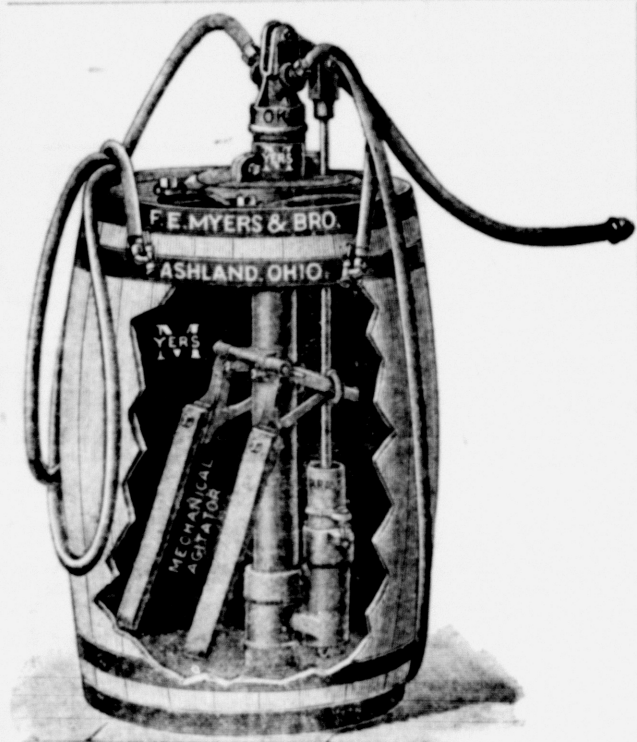

You will like HENDERSON CORSETS. They are exceptionally well constructed; only high grade, serviceable materials are used in these models; they are accurate fitting and comfortable. They range in price from \$1 to \$3.

At our well equipped Corset Department competent salesladies are in attendance to help you select and demonstrate the advantages of the corsets we sell.

NEW LOW GRADE LINE

That the Western Maryland railway is contemplating the construction of a new low grade freight line from Williamsport through Boonsboro to the main line of the road at Westminster, Md., is the belief of residents of Hagerstown. A number of high officials of the company have visited Hagerstown and vicinity within the past few weeks and looked over the territory with the low grade line in view, it is stated.

The purpose of the proposed line would be to overcome the difficulty of hauling heavy trains over the Blue Ridge mountains and the heavy grade between Williamsport and Hagerstown and from the latter city to Edgemont. This has always been a barrier to both departments of the railroad service and an additional heavy cost to maintain engines, especially for freight service.

The company's engineers more than a year ago surveyed for the low grade line south from Williamsport, and secured, it was stated at the time, the desired two per cent grade. Many persons in touch with the situation believe the low grade line will be the next step of the company in the way of railroad building. The division shops will probably be located in Williamsport in case the road is built.

FERTILIZATION AND DEFERTILIZATION OF EGGS.

It is often a question with poultry raisers as to how soon eggs become fertile after mating chickens and how soon eggs become germless after matings are broken.

Two experiments here at Riverside with a White Wyandotte cock and ten hens carried on for ten days, in which the eggs laid were set and tested, will be of interest. On the third day after mating 28 per cent were fertile, on the fourth 40 per cent, on the fifth 50 per cent, on the sixth 60 per cent, on the seventh 70 per cent, on the eighth 72 per cent and on the tenth day 76 per cent.

Seventy-five to 80 per cent is considered an excellent average fertility for vigorous fowls under ordinary conditions, so that ten days may be considered time enough for excellent results unless the breed is a very large, clumsy type.

The male and hens were then separated and the eggs as laid were again set and tested to determine the duration of fertility after male was removed.

On the third day after separation 74 per cent of eggs were fertile, on the fourth 70 per cent, on the fifth 62 per cent, on the sixth 55 per cent, on the seventh 48 per cent, on the eighth 15 per cent, on the ninth 3 per cent and on the tenth day none were fertile.

A friend who tried most all combinations of feeds for his flock of hens finally caused them to get down to business by cutting out a good deal of the corn which they had been getting and substituting in place of it bran, skim milk and tankage, the kind that is put up at the packing houses as a feed for hogs and poultry. When the hens had been on this ration for a short time they surpassed in egg production any previous record. The better results secured were not due to the fact that the latter ration was particularly expensive, but simply to the fact that it was a ration that gave the fowls the food elements they needed in egg production.

MEDICAL ADVERTISING

CHOLERA SCARE

Much anxiety has been felt lately over the danger of introducing the dreaded Asiatic Cholera into this country because of the immigration from the plague districts of Europe. It says the strength of the body so fast that death often follows in a few hours. All forms of diarrhoea and dysentery are very weakening.

A Valdosta, Ga., woman, Mrs. C. H. King, tells how she regained her strength. She says "An attack of dysentery left me so weak and exhausted that it seemed impossible to regain my strength. But since using one bottle of Vinol I am perfectly well again. Vinol will do wonders for anyone who needs new strength and more flesh."

There is no doubt at all that this delicious cod liver and iron remedy without oil possesses wonderful power to renew flagging strength and vitality, and build up the body. If you are not as strong as you ought to be you need Vinol, and we guarantee that it will build you up and make you strong. People's Drug Store, Gettysburg, Pa.
